cratic pluridities are drawing to a close. The acting Committees who have been managing affairs for the two main branches of the Opposition have agreed upon a basis of union. There will be no distinctive Republican Convention, and no American Convention, as such; the Citizens meeting, as now agreed upon, is intended to abourb and supersede both. It is well known that the Democrats have roled Hamilton courty for some years by a minority vote, and it is now quite certain that Messrs. "Every body seems to feel a personal interest in the Telegraph, and on the first of September here, there will be a greater Jubilee than this city ever witnessed before. They may burn up the balance of the City Hall, now that they have destroyed Justice with her Scales."

#### Attempt to Enslave a White Woman!

The greed of the dealers in human flesh and blood is forcibly illustrated in a case recently decided in Mason county, Kentucky. The facts are thus stated by the Maysville, Ky., Eagle: One of the most remarkable and intensely inresting cases ever brought before a court of justice was tried and disposed of in our Circuit Court last week. The plaintiff, Ann Goddard, was a handsome young woman, about 21 years of age, perfectly white, with long, luxuriant, and straight hair, graceful and easy in manners, and having all the appearance of an accomplished and well raised lady. Her fea-tures bore the highest mark of European perrecompisshed and well raised lady. The case was ably argued on both sides, and much feeling was manifested in the community on behalf of the plaintiff. When the jury brought in their verdict to the effect that she was a "free white somen," the Judge was com-pelled to address the audience upon the impropricty of any demonstrations of applause in a court of justice, in order to keep down a uni-versal impulse to show the satisfaction given by the result.
